

„POWER STITCHER“

High performance two needle two rows top feed bag making machine for effectively manufacturing container bags.

High puncture force through geared belt drive in connection with EFKA control AB611.

BM213CD1HL: High performance two needle four thread double locked stitch bag making machine with vertical acting presser foot system and rust protected parts. With built-in electro-pneumatically operated hot thread chain cutter left of the needle for separating the thread chain. Top and bottom feed. For sewing container bags (FIBCs). Easy crossing of side seams and belts. Electro-pneumatically operated presser foot and upper feed dog lifter. Pneumatic presser foot spring. With guides for filler cord from the top and / or from below for sealing the needle punctures of the left needle. Internal forced lubrication. Shell design casting. Low noise and vibration.

High puncture force through geared belt drive in connection with EFKA control AB611.

Stitch range:	6.5 - 10 mm
Standard setting:	9 mm
Sewing capacity:	up to 18 mm
Standard needle:	9848GF300/120
Threads:	four, 2000 - 4000 Denier
Maximum speed:	up to 2000 stitches /min. (depending on sewing operation)
Seam specification:	(401.401) SSa-2
Needle distance:	7.2 mm (left needle in front)
